Establishing Citizen Contact Centre at Chennai - Administrative approval
Granted - Orders - Issued.

Information Technology (e.Gov.I) Department

G.O.Ms.No.4

Dated: 30.01.2012

Read:

ORDER:

While moving the Demand No.31, relating to Information Technology, the following announcement was made in the Tamil Nadu Legislative Assembly, among other things:-

"In order to furnish details required by the Citizen, enhance the Citizen - Government interaction and also to deliver the services of various departments to Citizens, Government has decided to set up a Citizen Contact Centre at Chennai. The approximate cost for setting up this Centre is estimated at Rs.6.00 crores. Services like Grievance Redressal, providing clarifications on Government Schemes, contact details of Government Offices, status of applications/petitions seeking services, etc., will be offered through the Citizen Contact Centre."

2. The Citizen Contact Centre (CCC) Project has been initiated by the Department of Information Technology, Ministry of Communication and Information Technology, Government of India, as a pilot in 6 states viz. Maharashtra, Tamil Nadu, Rajasthan, Jharkhand, Chhattisgarh and Jammu & Kashmir. The Citizen Contact Centre (CCC) is to be established with a vision to help provide informational and transactional, non-emergency Government to Citizen (G2C) services for various departments at the State level. While other channels of delivery such as departmental counters, websites, and service kiosks serve important functions, Citizen Contact Centre shall provide the advantage of greater accessibility due to high penetration of telecom and cellular services in rural parts, ease of usage, reduced costs and improved service delivery over these channels through a single unique number which will be common across the country.

Some of the key benefits envisaged from Citizen Contact Centre are:

- Single Unique Number common across the country
- Timely access to Information / Government to Citizen (G2C) services
- One number to call, with local language capability
- Integration of services given by various departments onto a single platform

• Provide service tracking information and grievance handling

The project envisages study of best practices, finalization of initial set of services to be provided by the States, finalization of Project Design Document, preparation of Detailed Project Report (DPRs) at State level and empanelment of agencies as service providers and preparation of model RFP to be customized at State level.

3. The Government of India, has informed that the National roll-out of the scheme will be considered based on the success of the pilot implementation in the identified States. The estimated total project cost for Citizen Contact Centre is Rs.6 to 7 Crores for each State and Government of India envisages funding the project for 3 years after which States would have to operate Citizen Contact Centre at their own cost. The funding mechanism for Citizen Contact Centre by Government of India for 3 years is envisaged as follows:

- 100% Capital expenditure will be provided by Government of India.
- As regards Operating expenditure,
 - 100% for the first year;
 - 75 % for the second year;
 - 50% for third year by Government of India;

4. After careful examination, the Government, grants administrative approval to establish a Citizen Contact Centre at Chennai, at an estimated cost of Rs.6 to 7 crores with 100% capital expenditure assistance from Government of India for 3 years and after which the State Government have to give assistance to operate the Centre and operating expenditure assistance from Government of India as mentioned as follows:-

- 100% for the first year;
- 75 % for the second year;
- 50% for third year by Government of India;

The State Government will provide the space for the establishment of Citizen Contact Centre at Chennai.

5. This order issues under the concurrence of Finance Department, vide its U.O. No. 1342/Inds/2012, dated: 13.01.2012.
